My Dear Mr Garrison,

Enclosed you will find
a draft on a New York House for
seven dollars to be placed to my credit
for your Liberator. I have not received
it very regularly owing to my having
remained to this Colony at the beginning of
last year. I wish my paper to be continued
and if the amount I now send is
not sufficient to pay the subscription to
the end of the present year & you will
let me know I will pay the balance by
a further draft on the same house

I shall set the paper more directly

and more regularly if I can have it
sent weekly to the following address -

Rev H Bleby

Demerara

Care of Donald Cameron Esq

John M Smiths Esq

122 Broad Street

New York -

I do not rightly understand about the
arrangement with the Post Office but if
it be necessary to have it ordered & prepaid
through the New York Office & you will
be good enough to have it done for me so
that the paper may be sent weekly to the
above address I shall be greatly obliged - I
value your paper highly & always read it
with profound interest.

What stupendous changes have been
brought in connection with the great &
good cause to which your life has been
so largely devoted within the last few years!
We live lived to see your labors crowned
with success beyond your most sanguine

expectations. Not even Abraham Lincoln occupies a grander position than you do: for here is so man living, a dead but I am aware of, who has done so much to overthrow the terrible system of American slavery as yourself. I contemplate you as the man whom God has put upon you to making you the chief instrument in this great work. I trust you will be opened to see liberty & peace overspreading the whole land.

I shall be glad if you will present my affectionate remembrances to Mr Phillips & any other friends who may remember me.

I am

Very Dear Sir

Very truly Yrs

Henry Bleby.
